Service charge & Management Information

How does the Management process work?

Chesterwell includes large public open space and amenity areas that include a new country park filled with natural landscaping and meadows. PMS Managing Estates Limited ("PMS") have been appointed on behalf of the developers to manage these areas and ensure they are maintained to a high standard. PMS will collect the Amenity Areas Charge contributions from all dwelling owners, manage the contractors providing the maintenance of the landscaping, produce accounts on a yearly basis and ensure the contributions are spent wisely to provide high class amenity areas for the enjoyment of all.

The current annual contribution, which commenced on the 1st April 2022 is £239.93 inclusive of VAT as shown on the right. A management budget was devised in November 2015 which allows for an increase in line with RPI. PMS will be advised by the developers Solicitors of all new occupations and will then calculate the part year pro-rata amount and collect the contribution direct from the home owner.

Who are PMS Managing Estates Limited?

PMS have been managing property since 1987. Originally incorporated to manage the affairs of a small group of privately owned blocks of flats in Colchester, PMS Managing Estates now manages one of the most prestigious property portfolios across Essex, Suffolk, London and the South East ranging from converted houses with only a handful of flats to large developments with several hundred residential, commercial and retirement home dwellings.

PMS Managing Estates have been Members of the Association of Residential Managing Agents (ARMA) since 2007. We stringently follow over 160 individual ARMA standards to ensure you receive a first-class service. Combine this with thirty years of experience and you will understand why PMS Managing Estates is regarded as Anglia's top Managing Agent.
